Is One
of the Most Im-
portant Fea-
tures
in
Buggy
Building.

This may sound strange, but in this climate a buggy must be painted with the very best materials and in a scientific manner; otherwise, in a very short time, bolt heads will show on the body.

Our jobs are thoroughly painted, not dipped, as the finish will show, and you will make no mistake in buying STUDEBAKER OR TEBBETTS BUGGIES.
